HELLO

Tim *Kate**Agonizer*

This comic, "Lost Love" has become *Agonizer's* first comic.

When I look at the book I made, about all I could remember, I got a little nervous, but I'm happy to

show this one to you for the book. The book I couldn't get it pages under about. Therefore, I had writing 10 pages for the collection of "Lost Love." Since I wanted to try writing about love and there's a difference from the rest of the collection. I was able to really enjoy doing it. I was really shocked at it myself.

"To Kate *Agonizer*" your real name? I got asked that a lot. But it's a pen name. However, there are some very real names. "But your real name is real." But I didn't say the name. Kate *Agonizer*? Well, *Agonizer* is real name? That's not all in comic is.

Early rough
sketches

I wanted to do
to later a sketch
like this, but I
think looking like
this large eyes

These hair looks like it is the
"suspicious" character, after
looking around, it seems to
be a very strong character, but
I stopped with the sketch.

"Love Love" was my first serious work, so it was a really hard
day. I'd in particular with a sense of story. If I look to say, why it
"because the male characters I've drawn and I now have all been about"
confident and wonderful girls, saying concerned things like "Hehe, I
love it all" and laughing about their actions as if they're my heart was
pounding, wondering if the readers would accept a more "romantic" tale,
and others like "I love you, I love you, I love you"
I thought, once the tension on the topic, the reader's reactions were
better than I had imagined which made me feel relieved. ♡

Of all the male characters I've drawn so far, Riki has been the easiest.
As long as my male characters have never changed with a character, which
and this was the always good to be the "Chick" type, so I tried to draw it a
bit more like the "Chick" type, and also Riki and Shiro were really in my
mind and develop. If I have a chance, I'd like to say with my other "Love Love"
but I have a chance.

HEY,
ARE YOU
LISTENING
TO ME?

Relationships include boys and girls, strong women, etc.) some of quite a bit in my career. But when I got to the single adult stage, I wonder why I tried to draw a person that was so difficult and then I ended up rejecting it later on the relationship themselves. Because that was not really.

I think that perhaps, after others have known what they find like that too.

When I had completed a piece or something with my design piece, I stand in front of the camera and when the piece is up, I feel like I was drawing the same in the second half of "Miracle" when John comes back to his back.

I want... and my
big water but you
every day in my
back to front of
the water

Because, even though that there are all these other things are the difficult to draw and I expect that I had... draw my style, I have a person that's about 100% and whenever I'm drawing a piece that I'm a little thing in the hands and really I feel more peace in front of it because I have to do that water is little thing... but always there all these water and a little blue (maybe) the thing it's better than drawing with my water.

... OH, GOD
WHAT AM I

Shin's outer image was largely
abstracted, and he sketched out
with a really

to the sketching stage, but
since I also thought
a professional one
might be nice,
but it didn't
quite fit.
Thanks
to I
created it.

I
wanted his image
sketched to become
real. By this way, the
characters he created
are "realistic". They
were long there a lot
so that's why I drew
this board.

This is a "first sexual experience" with I wrote immediately after "Love Love" .
Since I had already drawn a man type like Shin, this time
I ended up wanting to draw another one of my favorite kind of
mysterious guy, so he turned out like my usual sort of guy.
I draw a love scene every time, but this is the first time I've drawn
the kind of love scene, though, to the end, so was it of all times?
I was nervous about drawing a love scene. Really?
This scene then appeared to me as a special scene, so I thought it would
be good to put out a little secret scene, the special scene didn't have any
I think drawing it with all my fighting spirit but how is it?
You don't think I probably watched it? = I think, and then think
